

Dear Caucus Conveners,

These are instructions for downloading a senate district map, which you are asked to have at your sign-in table. Please know your district boundaries in the event that an attendee arrives with questions about which caucus site was correct for them. Invite the attendee to go ahead and observe or participate in your caucus even if they are from a neighboring district. Be flexible!

Go to www.commissions.leg.state.mn.us/gis/senmapdata.htm

Look for PDF maps of senate districts.

Scroll to your senate district #.

Open the file on your computer.

Print map.
